Set amongst the Cheshire countryside, Tatton Park it is situated just two miles from motorway access to the M6 linking Manchester and all major routes. To ensure our visitors spend a long and enjoyable day at the show, Concept for Living provides numerous free events, including relaxation treatments consultations with designers, and home, garden and culinary demonstrations.

“Excellent Show. Exhibition and advertising in Concept for Living magazine tied in very well together and generated huge interest - we would like to book the same stand position, but a larger stand for 2003 exhibition.”
